**Unbrainwashing Yourself** - Jim Foster 2015-07-06

Never in the history of time has it been so simple to pass off opinion as fact and get a hundred or a thousand or a million other people on board with it. Despite having all of the information in the world available at the drop of a hat and constantly competing for our attention, it's hard to differentiate between a well-meaning news article and a hard-hitting expose.
of Britney Spear's sudden weight gain. With our senses being constantly assaulted with propaganda by everything from our electronic devices to our daily commute to work, many of us are easily manipulated into beliefs and purchases we never wanted and can't explain how we got suckered into. Many more of us are left with an unhealthy cynicism of all institutions from having our affections and loyalties constantly manipulated and tossed by the changing winds of public opinion and what is considered to be politically and socially correct thinking and behavior. The digital age has certainly opened up new avenues for mind control, brainwashing, manipulation, propaganda and negative influence. This book entitled Unbrainwashing Yourself by author Jim Foster will cover in detail the different brainwashing tactics from our interpersonal relationships, religion, and cult followings to the military scare tactics, medical monopolies, the media and corporate entities. More importantly, you are given solutions on how to overcome this good versus evil battle for control of your mind as you will learn step by step how to deprogram and free yourself from the clutches of brainwashing, mind control, manipulation, negative influence, controlling people, cults and propaganda."

Brainwash - Dominic Streatfeild 2008-05-27
What would it take to turn you into a suicide bomber? How would you interrogate a member of Al Qaeda? With access to formerly classified documentation and interviews from the CIA, the U.S. Army, MI5, MI6, and the British Intelligence Corps, acclaimed journalist Dominic Streatfeild traces the history of the world's most secret psychological procedure. From the cold war to the height of today's war on terror, groups as dissimilar as armies, religious cults, and advertising agencies have been accused of brainwashing. But what does this mean? Is it possible to erase memories or to implant them artificially? Do heavy-metal records contain subliminal messages? Do religious cults brainwash recruits? What were the CIA and MI6 doing with LSD in the 1950s? How far have the world's militaries really gone? From the author of the definitive history of cocaine, Brainwash is required reading in an era of cutting-edge and often controversial interrogation practices. More than just an examination of the techniques used by the CIA, the KGB, and the Taliban, it is also a gripping, full history of the heated efforts to master the elusive, secret techniques of mind control.

From the Trenches - Wendy Hoffman 2018-03-26
This book is a shaking read, its controversial political statement putting forward the demand that readers accept the existence of conscious splitting of personality through treachery, deception, betrayal, torture, and violence. Beginning with the introductory poem, the book is an outcry about the significance of personal freedom as well as a blazing plea for commitment to making these abuses known and helping victims achieve safety and healing. The two authors present victims' horrendous experiences in a rational, factual, and professional way, building a foundational knowledge regarding what mind control is, how it uses deceit and lies, and how through betrayal and attachment trauma the basis is laid for lifelong exploitation. The authors present the terrifying and horrible situations that children are exposed to as they are coerced into actions that go against their own beliefs and true natures. The cooperation of the two authors, client and therapist, based on mutual respect, serves as a model for every change process: solidarity, freedom, and equality.

Combating Cult Mind Control: The #1 Best-selling Guide to Protection, Rescue, and Recovery from Destructive Cults - Steven Hassan, PhD 2015-03-28

This 2018 30th anniversary edition honors the 40th anniversary of the tragedy in Jonestown, Guyana. On November 18th, 1978, over 900 people including a U.S. congressman Leo Ryan died because of Cult Leader Jim Jones. Over 300 were children forced to drink cyanide-laced Kool-Aid by their parents who believed they were doing God’s will. The techniques of undue influence have evolved dramatically, and continue to do so. Today, a vast array of methods exist to deceive, manipulate, and indoctrinate people into closed systems of obedience and dependency. If you are reading this updated book for the first time, please know that you have found a safe, respectful, compassionate place. This book can help you protect or regain your sanity, freedom, and health. It can also help you protect others from the use of mind control techniques. In this 30th anniversary volume you will find: • New stories of people who fell under the sway of cults and other forms of undue influence but who were able to break free. • New information on the many sophisticated ways that social media are now used for mind control. • Updates on the many types of organizations that use mind control. • Information on the neuroscience behind mind control. • A look at what legislators, courts, mental health professionals, and ordinary citizens can do to resist mind control and make our world a safer place. Sadly, the essential information in this book is still not widely known or understood. People around the world remain largely unprepared for the new realities of mind control. But you are far from helpless. There is a great deal you can do to stay safe, sane, and whole - and to help the people you care about to do the same. And if someone you love is already part of a mind control group, there is much you can do to help them break free and rebuild their life. This book will give you the tools you need. As you read this book, you will learn to develop, use, and trust your critical thinking skills; your intuition; your bodily and emotional awareness; your ability to ask the right questions; and your skill at doing quick, useful research. You will also learn to create a healthy balance of openness and skepticism. As you will see, the entire process begins and ends with discernment.

Becoming Yourself - Alison Miller 2018-05-11

In contrast to the author's previous book, Healing the Unimaginable: Treating Ritual Abuse and Mind Control, which was for therapists, this book is
designed for survivors of these abuses. It takes the survivor systematically through understanding the abuses and how his or her symptoms may be consequences of these abuses, and gives practical advice regarding how a survivor can achieve stability and manage the life issues with which he or she may have difficulty. The book also teaches the survivor how to work with his or her complex personality system and with the traumatic memories, to heal the wounds created by the abuse. A unique feature of this book is that it addresses the reader as if he or she is dissociative, and directs some information and exercises towards the internal leaders of the personality system, teaching them how to build a cooperative and healing inner community within which information is shared, each part's needs are met, and traumatic memories can be worked through successfully.

**Mind Control 101 - How to Influence the Thoughts and Actions of Others Without Them Knowing Or Caring** - J. K. Ellis 2011-09-12

Why would someone write a book on Mind Control? Because as much as we try to elevate ourselves above being human animals we are, in fact, animals. We are subject to the wants and desires of any being with a genome and vertebrae. To rise above that is an admirable and a task we should take on as a worthy spiritual endeavor. But to deny that we are, truly, animals is to lie to ourselves. We must deal with people who may not be so enlightened advanced as we are. They may desire what we have and be secretly filled with envy and contempt. The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man. Do we deny that it's happening and hope others will be touched by our honesty and good will enough to change? Or do we drop our highest spiritual ideals and play their game? I would like to suggest a radically different strategy. Take the game of manipulation and Mind Control and make it a part of your spirituality.

Targeted Individuals, Mind Control, Directed Energy Weapons - Phiem Nguyen 2015-08-29
Mystery crime was solved at the end of one human life. This is the result I got while searching my mind, then God, and the entire environment this world was set in. Step by step, day by day, year by year, for my whole life was seeking the light to bring this innocent soul immersed in the truth and to define the limit of imagining and exploit. Modern science should parallel what's moral, and human dignity should be respected. Painful targeted individuals-I advocate to end this atrocious crime and ask those who are responsible for the life of victims to do their part-governments or corporations or etc.

Military Mind Control - Colin A. Ross 2011-10
Military Mind Control provides a single case history written by Dr. Ross. Terese, a woman treated in Dr. Ross' private practice, is a survivor of childhood trauma that included paternal incest, ritual abuse and military mind control. The case history describes the therapeutic goals, tasks, strategies and principles that have contributed to her recovery, including the principle of therapeutic neutrality. It is a documented fact that victims of CIA and military mind control experimentation have been hypnotized, given hallucinogens, held in sensory deprivation chambers, given massive amounts of electroshock and subjected to unethical, inhumane treatment by psychiatrists. Therefore, Terese's participation in a military mind control program is unproven, it could very well be real.

Only unexplained memory gaps, or a separate personality which emerged on a trigger cue, showed the victim that something else was amiss. Bowart's devastating account includes top secret documents cold-bloodedly outlining the cryptocracy's program, and startling new evidence to link Lee Harvey Oswald, James Earl Ray, and Sirhan Sirhan with Operation Mind Control. In the Manchurian Candidate that was fiction - OPERATION MIND CONTROL IS CHILLING FACT!

Electromagnetic Mind Control - Vladimir N. Binhi 2009
Although there are many publications in newspapers and popular magazines, discussing "Electromagnetic Mind Control" and "Electromagnetic Weapons," it is almost impossible to find reliable information on these issues, particularly where relatively weak electromagnetic (EM) radiations are of concern. This book fills the gap. Written for a general audience, it discusses the physics of and related scientific information on brain control using EM fields. Ritual Abuse and Mind Control - Orit Badouk Epstein 2018-03-22
People who have survived ritual abuse or mind control experiments have often been silenced, accused of lying, mocked and disbelieved. Clinicians working with survivors often find themselves isolated, facing the same levels of disbelief and denial from other professionals within the mental health field. This report - based on proceedings from a conference on the subject - presents knowledge and experience from both clinicians and survivors to promote understanding and recovery from organized and ritual abuse, mind
control and programming. The book combines clinical presentations, survivors' voices, and research material to help address the ways in which we can work clinically with mind control and cult programming from the perspective of relational psychotherapy.

**Mind Control Hypnosis** - Dantalion Jones 2009-06
Most hypnotists will tell you "You can't be made to do something in hypnosis that is against your Will." Most of them actually believe it. But a few of the most experienced hypnotists simply say it to put people at ease. They know that, in the right hands, very few people can resist a skilled hypnotist. Skilled hypnotists know what it takes to resist suggestions and it's not what most people would think. Reason #1 - Because they don't want others to have the power they have. In spite of what they may want you to believe hypnotists are human beings. They have egos and ambitions just like everyone else. A lot of hypnotists discover something that works really well and they'll want to keep it to themselves. Reason #2 - Because it frightens away clients who believe they have some sort of Will Power. For most people real Will Power is a myth, a story, even a fantasy. Facing this truth, for most people, is a humbling experience.

**Poisoner in Chief** - Stephen Kinzer 2019-09-10
The bestselling author of All the Shah’s Men and The Brothers tells the astonishing story of the man who oversaw the CIA’s secret drug and mind-control experiments of the 1950s and ’60s. The visionary chemist Sidney Gottlieb was the CIA’s master magician and gentlehearted torturer—the agency’s “poisoner in chief.” As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or maim without a trace—including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States,
making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world. Stephen Kinzer, author of groundbreaking books about U.S. clandestine operations, draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century. Gottlieb’s reckless experiments on “expendable” human subjects destroyed many lives, yet he considered himself deeply spiritual. He lived in a remote cabin without running water, meditated, and rose before dawn to milk his goats. During his twenty-two years at the CIA, Gottlieb worked in the deepest secrecy. Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action. Poisoner in Chief reveals him as a clandestine conjurer on an epic scale.
